Mr. Ed Ozols, Technology Supervisor, provided an update on new weather stations at BCHS and VES. Mr. Ozols said a weather station would be installed at MES in the near future. School websites have recently been updated to include weather information. Not only will current and forecasted weather conditions be available to the school community, but the data can also be used by teachers and students to monitor weather trends. Mr. Ozols said that with the information that we get, we have a lot of things that can be used for math and sciences.

Mrs. Hirsh said school administrators in the past have relied on information supplied from a weather station at Ingalls Field. Mrs. Hirsh said we know that something can be true in one place and not the other. She said we watch the news in the morning and we're getting information typically from what's on top of the mountain. Mrs. Hirsh said the weather information at Bath County Schools would allow us to gather data from various locations.

Mrs. Hirsh provided end-of-year activity calendars for Board planning purposes. Dates were provided for additional activities: MES/VES Award Ceremonies, KidWind Contest at DSLCC, VES carnival, and MES 7th Grade Debate (topics, "Schools Must Continue Teaching Cursive" and "Schools Should Enforce Standardized Consequences").

ITEMS BY
BOARD MEMBERS**

Mrs. Grimm

- Thanked Miss Yohe for her contributions as student representative this year. Suggested Miss Yohe write a note to the next representative detailing ideas and her experience.
- Thankful to students who make their voices heard and remain calm while doing so. Very grateful for your professionalism.
- Congratulations to all the students for your accomplishments.
- Responding to the student representative, she expressed support of the BCHS snack machine.
- Said donations to the after prom party committee would be very much appreciated.
- Congratulated all those who plan to retire.
- Thanked everyone for attending the meeting.

Mr. Ryder

- Pleased with student achievement and recognized the hard work by teachers and staff.
- Feds were here in Mertz and he spoke with one of them. Students who are doing vocational programs should work and get paid for it. Let students know that if there are fields they want to follow, they can experience it.
- Can't beat years of experience and individuals retiring will surely be missed.
- Bus safety gets his attention. Has spoken with bus drivers and doesn't want to see cars mixing with buses. Remembers when a game or practice was over, he walked home. Now we have buses that transport students home and we are looking at every way we can make things safe.

Mr. Secoy

- Echoed praise of students and staff.
- Thanked Trevor Plecker for sharing concerns and said he appreciates public comments.
- Don't have many public and community members attending the meetings. Encouraged attendance and said it can bring the community together.
