Teacher Recruitment for SY2012-13

BACKGROUND: As a member of the Western Virginia Public Education Consortium, BCPS will participate in the annual WVPEC Job Fair. The 2012 event is scheduled for Friday and Saturday, February 3 and 4.

Although it is too soon to know our exact staffing needs for next school year, it has been helpful to maintain a presence at job fairs – especially WVPEC - which provides participating school divisions with a searchable database with contact information and qualifications of those who attended the fair.

Job fair responsibilities will be shared over the two day period among administrative staff and lead teachers.

Job fair expenses to recruit highly qualified teachers are reimbursable with Title II-A funds.
