VIRGINIA ACTS OF ASSEMBLY — CHAPTER

2
3

An Act to amend and reenact § 51.1-144 of the Code of Virginia, relating to Virginia Retirement System employee contributions; local employees; school board employees.

4
5

[S 497]

Approved

6

Be it enacted by the General Assembly of Virginia:

7

1. That § 51.1-144 of the Code of Virginia is amended and reenacted as follows:

8

§ 51.1-144. Member contributions.

9

A. Each member shall contribute five percent of his creditable compensation for each pay period for which he receives compensation.

10

The employer shall deduct the contribution payable by the member. Every employee accepting employment shall be deemed to consent and agree to any deductions from his compensation required by this chapter. No deduction shall be taken from the compensation of a member after his normal retirement date if the member elects not to contribute.

11

12

13

14

15

B. In determining the creditable compensation of a member in a payroll period, the Board may consider the rate of compensation payable to the member on the date of entry or removal of his name from the payroll as having been received throughout the month if service for the month is creditable. If service for the month is not creditable, the Board may consider any compensation payable during the month as not being creditable compensation.

16

17

18

19

20

C. The minimum compensation provided by law for any member shall be reduced by the deduction required by this section. Except for any benefits provided by this chapter, payment of compensation minus the deductions shall be a full and complete discharge of all claims for services rendered by the member during the period covered by the payment.

21

22

23

24

D. No deduction shall be made from any member's compensation if the employer's contribution is in default.

25

26

E. The Board may modify the method of collecting the contributions of members so that the employer may retain the amounts deducted from members' salaries and have a corresponding amount deducted from state funds otherwise payable to the employer.

27

28

29

F. 1. Except as provided in ~~subdivision~~ subdivisions 2, 3 and 4, any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees. Such payments shall be credited to the members' contribution account. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.) of this title, nor shall they be considered to be salary for purposes of this chapter.

30

31

32

33

34

2. A person who becomes a member on or after July 1, 2010, shall be required to pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code in the amount of five percent of creditable compensation if the person is (i) a member covered by the defined benefit plan established under this chapter, (ii) a member of the State Police Officers' Retirement System under Chapter 2 (§ 51.1-200 et seq.), (iii) a member of the Virginia Law Officers' Retirement System under Chapter 2.1 (§ 51.1-211 et seq.), (iv) a member of the Judicial Retirement System under Chapter 3 (§ 51.1-300 et seq.), or (v) earning the benefits permitted by § 51.1-138.

35

36

37

38

39

40

41

Each county, city, town, local public school board, or other local employer may elect to pay an equivalent amount in lieu of the member contributions required of its employees described in this subdivision. The county, city, town, local public school board, or other local employer may pay, in whole percentages, up to five percent of the creditable compensation otherwise required of such employees, provided that the employer pays the same percentage of creditable compensation for all such employees, and is paying all member contributions required under this section for all of its other member employees not described in this subdivision. Any portion of the five percent of creditable compensation required of a person who becomes a member on or after July 1, 2010, that is not paid by the county, city, town, local public school board, or other local employer, shall be paid by such person.

42

43

44

45

46

47

48

49

50

No employer other than a county, city, town, local public school board, or other local employer shall be allowed to elect to pay any amount of the member contributions required of a person who becomes a member on or after July 1, 2010.

51

52

53

3. A member who is an employee of a county, city, town, or other local employer other than a local public school board, regardless of whether the member is a person who becomes a member on or after July 1, 2010, shall be required to pay member contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code in the amount of five percent of creditable compensation as

54

55

56

57 follows: (i) any member who commences or recommences employment on or after July 1, 2012, shall be
 58 required to contribute five percent of his creditable compensation upon commencing or recommencing
 59 employment and (ii) members in service on June 30, 2012, shall be required to contribute five percent
 60 of their creditable compensation no later than July 1, 2016. Such member described in subdivision (ii)
 61 shall contribute a minimum of an additional one percent of his creditable compensation beginning on
 62 each July 1 of 2012, 2013, 2014, 2015, and 2016, or until the member's contribution equals five percent
 63 of creditable compensation, but the county, city, town, or other local employer other than a local public
 64 school board may elect to require members to contribute more than an additional one percent each
 65 year, in whole percentages. In no case shall a member be required to contribute more than five percent
 66 of his creditable compensation for each pay period for which he receives compensation. No county, city,
 67 town, or other local employer other than a local public school board shall be allowed to elect to pay
 68 any amount of member contributions except to pay the difference between five percent and the employee
 69 contribution during the phase-in period described in this subdivision for a member who was in service
 70 on June 30, 2012.

71 4. A member who is an employee of a local public school board, regardless of whether the member
 72 is a person who becomes a member on or after July 1, 2010, shall be required to pay member
 73 contributions on a salary reduction basis in accordance with § 414(h) of the Internal Revenue Code in
 74 the amount of five percent of creditable compensation as follows: (i) any member who commences or
 75 recommences employment on or after July 1, 2012, shall be required to contribute five percent of his
 76 creditable compensation upon commencing or recommencing employment and (ii) members in service on
 77 June 30, 2012, shall be required to contribute five percent of their creditable compensation no later
 78 than July 1, 2016. Such member described in subdivision (ii) shall contribute a minimum of an
 79 additional one percent of his creditable compensation beginning on each July 1 of 2012, 2013, 2014,
 80 2015, and 2016, or until the member's contribution equals five percent of creditable compensation, but
 81 the local public school board employer may elect to require members to contribute more than an
 82 additional one percent each year, in whole percentages. In no case shall a member be required to
 83 contribute more than five percent of his creditable compensation for each pay period for which he
 84 receives compensation. No local public school board employer shall be allowed to elect to pay any
 85 amount of member contributions except to pay the difference between five percent and the employee
 86 contribution during the phase-in period described in this subdivision for a member who was in service
 87 on June 30, 2012.

88 3- 5. Notwithstanding any other provision of this section or other law, only those employers who
 89 were paying member contributions as of February 1, 2010, may pay member contributions. The
 90 provisions of this subdivision shall not apply to a county, city, town, local public school board, or other
 91 local employer.

92 G. Subject to the provisions of subsection F, any employer whose employees are paying member
 93 contributions to the retirement system on a salary reduction basis in accordance with § 414(h) of the
 94 Internal Revenue Code may phase-in the payment of the member contributions on behalf of its
 95 employees upon notification to the Board of the employer's intent to make such payments. The Board
 96 shall approve the period of time by which the phase-in shall be completed not to exceed six years from
 97 the commencement of the phased-in payments.

98 H. Any employer that, by resolution of its governing body, elects to provide retirement coverage for
 99 its employees in accordance with § 51.1-130 on or after September 1, 1998, shall allow its employees to
 100 pay member contributions to the retirement system on a salary reduction basis in accordance with
 101 § 414(h) of the Internal Revenue Code in lieu of paying the member contribution on behalf of its
 102 employees in accordance with the provisions of subsection F.

103 I. The Board may develop procedures to effect the transfer of member contributions paid by
 104 employers on or after July 1, 1980, and accrued interest on those contributions, to the member
 105 contribution account of the member, if such contributions have been previously deposited into the
 106 retirement allowance account of the employer.

107 2. That any county, city, town, local public school board, or other local employer that currently
 108 pays any portion of member contributions to the Virginia Retirement System that the member will
 109 be responsible for paying pursuant to the provisions of this act shall provide an increase in total
 110 creditable compensation, effective July 1, 2012, to each affected member who was in service on
 111 June 30, 2012, to offset the cost of the member contributions. Such increase in total creditable
 112 compensation shall be equal to the difference between five percent of an employee's total
 113 creditable compensation and the percentage of the member contribution paid by the local member
 114 on January 1, 2012. If a county, city, town, local public school board, or other local employer
 115 elects to phase in the member contributions pursuant to subdivision F 3 or F 4 of § 51.1-144 of the
 116 Code of Virginia, the increase in total creditable compensation may also be phased in at the same
 117 rate.
