SUBJECT: SUPERINTENDENT’S REPORT - ACTION

School Zone Signage – Valley Elementary School

BACKGROUND: A solar powered flashing school zone sign was installed above the north entrance of Valley Elementary School approximately ten years ago at the division’s expense. Over that time maintenance costs, also at division expense, have equaled approximately one-half of the initial cost, and repairs continue to be needed.

RECOMMENDATION: Remove the flashing signage and replace with standing school proximity signs similar to what is at BCHS.

The School Board must request that VDOT make the recommended change.
