Bath County High School

DATE: August 20, 2015

RE: Principals Opening of the Year Report

Bath County High School is off to a great start.

- Science wing was freshly painted.
- Biology and Ecology are being offered this year with plans for the trout release and other interesting experiences.
- 17 students meeting their requirements to take an online class.
- 12 in Virtual Virginia and 5 in GradPoint.
- Our custodians and other 12 month staff have worked hard to get ready for the opening of school. It was a short summer and I am proud of all they accomplished
- We are pleased to announce that Bath County High School is fully accredited and has met Federal AMO's.
- We have some of the best new teachers around. They have brought a lot of positive energy and a wealth of experience and have fit right in to the BCHS family.
- Our current enrollment is 249 wonderful students and classes are running smoothly.
- We are in the process of installing a new flag pole and 25 second clocks on the football field
- The BARD units are up and running the auditorium.
- Monday, August 17, 2015 was Back to School and it was a huge success. The 8th graders came for a tour and were able to get their books and lockers. We had a great turn out and the students came in Wednesday ready to go.
- Our sports teams are gearing up for the fall season and working really hard.
- We look forward to another successful school year.
