CONFLICT OF INTERESTS AND DISCLOSURE OF ECONOMIC INTERESTS

A. Purpose

The BLANK School Board seeks, through the adoption of this policy, to assure that the judgment of its members, officers and employees will be guided by a policy that defines and prohibits inappropriate conflicts and requires disclosure of economic interests as defined by the General Assembly in the State and Local Government Conflict of Interests Act (the Act).

B. Areas of Regulation

The ~~State and Local Government Conflict of Interests Act~~ establishes five principal areas of regulation applicable to Board members, officers and employees of the BLANK School Division. They are:

- special anti-nepotism rules relating to School Board members and superintendents of schools
- general rules governing public conduct by School Board members regarding acceptance of gifts and favors
- prohibited conduct regarding contracts
- required conduct regarding transactions
- disclosures required from School Board members

Factors that may be considered in determining the existence of an affiliated business entity relationship include that the same person or substantially the same person owns or manages the two entities, there are common or commingled funds or assets, the business entities share the use of the same offices or employees, or otherwise share activities, resources or personnel on a regular basis, or there is otherwise a close working relationship between the entities.

REPORTING ACTS OF VIOLENCE AND SUBSTANCE ABUSE

I. Acts Reported to the Principal

- A. Except as may otherwise be required by federal law, regulation or jurisprudence, reports are made to the superintendent and to the principal (or designee) on all incidents involving:
- (i) the assault, or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity;
 - (ii) the assault and battery which results in bodily injury, sexual assault, death, shooting, stabbing, cutting or wounding of any person, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity;
 - (iii) any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance or an anabolic steroid on a school bus, on school property or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;
 - (iv) any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;
 - (v) the illegal carrying of a firearm, as defined in Va. Code § 22.1-277.07, onto school property;
 - (vi) any illegal conduct involving firebombs, explosive materials or devices, or hoax explosive devices, as defined in Va. Code § 18.2-85, or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1 or chemical bombs as described in Va. Code § 18.2-87.1, on a school bus, on school property or at a school-sponsored activity;
 - (vii) any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses;
 - (viii) the arrest of any student for an incident occurring on a school bus, on school property or at a school sponsored activity, including the charge therefor; and
 - (ix) any illegal possession of weapons, alcohol, drugs or tobacco products.

The principal of each school collects and maintains information on the above listed acts which occur on school property, on a school bus or at a school-sponsored activity.

- B. The superintendent and the principal or his designee receive reports from local law-enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act (Va. Code § 54.1-3400 et seq.) and occurred on a school bus, on school property or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in clauses (i) through (viii) of subsection A and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. The

superintendent may request that the reports include information regarding terms of release from detention, court dates and terms of any disposition orders entered by the court. When the superintendent receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code § 16.1-260, the superintendent reports such information to the principal of the school in which the juvenile is enrolled.

II. Reporting Duties of the Principal and Superintendent

The principal or designee reports all incidents required to be reported pursuant to section I of this policy to the superintendent. The superintendent annually reports all such incidents to the Department of Education for the purpose of recording the frequency of such incidents on forms that are provided by the Department and makes such information available to the public.

In submitting reports of such incidents, principals and superintendents accurately indicate any offenses, arrests or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection I.B. of this policy.

Except as may otherwise be required by federal law, regulation or jurisprudence, the principal immediately reports to local law-enforcement officials any of the acts listed in clauses (ii) through (vii) of subsection I.A of this policy which may constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of subsection I.A.

In addition, except as may be prohibited by federal law, regulation or jurisprudence, the principal also immediately reports any act enumerated in clauses (ii) through (v) of subsection I.A of this policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal reports that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported pursuant to this policy, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice relates to only the relevant student's involvement and does not include information regarding other students.

III. Prevention and Intervention Activities

Whenever any student commits any reportable incident as set forth in this policy, such student is required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent's designee. ~~Prevention and intervention activities are identified in the division's drug and violence prevention~~

~~plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV—Safe and Drug-Free Schools and Communities Act).~~

The School Board develops, in cooperation with the local law-enforcement agencies, juvenile and domestic relations court judges and personnel, parents, and the community at large, programs to prevent violence and crime on school property and at school-sponsored events, which include prevention of hazing. Activities designed to prevent the recurrence of violence and crime, including hazing, may include such interventions as education relating to Virginia's criminal law, school crime lines, peer mediation, conflict resolution, community service requirements and any program focused on demonstrating the consequences of violence and crime. The School Board may develop and use a network of volunteer services in implementing prevention activities.

IV. Purpose

The purpose of reporting acts of violence and substance abuse is to develop a program of prevention activities to provide a safe environment conducive to learning.

FAMILY AND MEDICAL LEAVE

Generally

The BLANK School Board recognizes its obligation to provide its eligible employees with unpaid leave pursuant to the Family and Medical Leave Act (FMLA), 29 U.S.C. § 2601 et seq. This policy describes the benefits available to eligible employees under the Act.

Definitions

Covered active duty: The term covered "active duty" means

- in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
- in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

Covered servicemember: The term "covered servicemember" means

- a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
- a veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of 5 years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

Eligible employee: To be eligible for leave under this policy the employee must have at least twelve (12) months of service with the BLANK school division and have worked at least 1250 hours according to the Fair Labor Standards Act, 29 U.S.C. § 201 et seq., in the twelve (12) months preceding the commencement of the leave. Full-time teachers are deemed to meet the 1250 hour test.

Instructional employee: Employees whose principal function is to teach and instruct students in a class, a small group, or an individual setting such as teachers, athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, or auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily noninstructional employees.

Next of kin: The term "next of kin" used with respect to an individual, means the nearest blood relative of that individual other than the covered servicemember's spouse,

parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

Outpatient status: The term "outpatient status," with respect to a covered servicemember, means the status of a member of the Armed Forces assigned to

- A. a military medical treatment facility as an outpatient; or
- B. a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

Serious health condition: A serious health condition is an illness, injury, impairment or condition that involves inpatient care or continuing treatment by a health care provider.

Serious injury or illness: The term "serious injury or illness," in the case of

- a member of the Armed Forces, including a member of the National Guard or Reserves, means an injury or illness incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
- a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during a period described in 29 U.S.C. § 2611(15)(B), means a qualifying (as defined by the Secretary of Labor) injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

Year: A rolling 12-month period measured backward from the date an employee uses an FMLA leave.

Leave

Any eligible employee is entitled to leave for a combined total of twelve (12) weeks per year for the following situations:

1. The birth and care of a newborn child;
2. The adoption or foster placement of a child;
3. To care for an employee's spouse, parent, or child with a serious health condition;
4. Because of a serious health condition that makes the employee unable to perform the essential functions of the employee's job; and
5. Because of any qualifying exigency as defined in Department of Labor regulations, arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces.

However, an eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember is entitled to a total of 26 workweeks of leave per year to care for the servicemember. Leave under this paragraph is available only during a single year. During that year the employee is entitled to a combined total of 26 workweeks of leave under this policy.

To the extent that an employee is entitled to compensated leave under other BLANK school division policies, such paid leave shall be substituted for unpaid FMLA leave. Otherwise, family and medical leave is unpaid. When paid leave is available, the employee must satisfy any procedural requirements of the division's paid leave policy.

Employees on FMLA leave must report their status and intention regarding returning to work to the school division at least every four weeks.

Notice to Employees of Their Rights under the FMLA

Posting and General Notice

The BLANK school division shall post, in conspicuous places, on the premises of the school division where notices to employees and applicants for employment are customarily posted, a notice explaining the FMLA's provisions and providing information about the procedure for filing complaints with the Department of Labor.¹ Attachment 1 may be used as the notice.

A copy of Attachment 1 will also be given to each employee by including it in the employee handbook or similar document or by distributing it to each new employee upon hiring.²

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ The posting requirement may be satisfied by electronic posting if every employee has access to a division computer.

² This individualized notice requirement may also be accomplished electronically.

Eligibility Notice

When an employee requests FMLA leave, or the division has knowledge that an employee's leave may be for an FMLA-qualifying reason, the division should notify the employee of the employee's eligibility to take FMLA leave within five business days. The Eligibility Notice should state whether the employee is eligible for FMLA leave. If the employee is not eligible for FMLA leave, the Notice must state at least one reason why the employee is not eligible (such as, for example, the number of months the employee has worked for the division.) This notification may be accomplished by providing the employee a copy of Attachment 4.

Notice of Rights and Responsibilities³

The division will provide⁴ written notice detailing the specific expectations and obligations of the employee and explaining the consequences of the failure to meet those obligations each time the employee is given an Eligibility Notice. This Notice will include, as appropriate:

- that the leave may be designated and counted against the employee's annual FMLA leave entitlement and the 12-month period for FMLA entitlement;
- any requirements for the employee to furnish certification of a serious health condition, serious injury or illness, or qualifying exigency arising out of active duty or call to active duty status, and the consequences of failing to provide certification;
- that the division will substitute paid leave for unpaid leave and any conditions related to the substitution and the employee's right to take unpaid FMLA leave if the employee does not meet the conditions for paid leave;
- any requirement for the employee to make any premium payments to maintain health benefits and the arrangements for making such payments, and the possible consequences of failure to make such payments on a timely basis;
- the employee's rights to maintenance of benefits during the FMLA leave and restoration to the same or an equivalent job upon return from FMLA leave; and
- the employee's potential liability for payment of health insurance premiums paid by the employer during the employee's unpaid FMLA leave if the employee fails to return to work after FMLA leave.

The Notice of Rights and Responsibilities should be accompanied by any required certification form.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

³ A sample Notice of Rights and Responsibilities is contained in Attachment 4.

⁴ The Notice of Rights and Responsibilities may be provided electronically.

The Notice of Rights and Responsibilities will also include notice that employees on FMLA leave must report their status and intention regarding returning to work to the division at least every four weeks.⁵

If the information provided by the Notice of Rights and Responsibilities changes, the division will, within five business days of receipt of the employee's first notice of need for leave subsequent to any change, provide written notice referencing the prior notice and setting forth any of the information in the Notice of Rights and Responsibilities that has changed.

Designation Notice⁶

When the division has enough information to determine whether the leave is being taken for a FMLA-qualifying reason, the division should give the employee written notice whether the leave will be designated and will be counted as FMLA leave within five business days. If the division determines that the leave will not be designated as FMLA-qualifying, the division must inform the employee of that determination. The division will also notify the employee that paid leave must be substituted for unpaid FMLA leave or that paid leave taken under an existing leave plan be counted as FMLA leave at the time of designating the FMLA leave.

If the division will require the employee to present a fitness-for-duty certification to be restored to employment after taking leave for a continuous period of time, the division will provide notice of the requirement with the Designation Notice. If the division will require that the fitness-for-duty certification address the employee's ability to perform the essential functions of the employee's position, the division must so indicate in the Designation Notice and must include a list of the essential functions of the employee's position.⁷

If the division has reasonable safety concerns regarding the ability of an employee who is returning to work after intermittent or reduced leave schedule to perform his or her duties based on the serious health condition for which the employee took leave, it may require the employee to submit a fitness for duty certification unless one has been submitted within the past 30 days.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

⁵ The Notice of Rights and Responsibilities may also include additional information.

⁶ A sample Designation Notice is included in Attachment 5.

⁷ If the division's employee handbook or other written documents describing the division's leave policies clearly provide that a fitness-for-duty certification will be required in specific circumstances, the division is not required to provide written notice of the requirement with the Designation Notice, but must provide oral notice no later than with the Designation Notice.

If the leave is not designated as FMLA leave because it does not meet the requirements of the FMLA, the notice to the employee that the leave is not designated as FMLA leave may be in the form of a simple written statement.

If the information provided by the division to the employee in the Designation Notice changes, the division will provide, within five business days of receipt of the employee's first notice of need for leave subsequent to any change, written notice of the change.

The division will notify the employee of the amount of leave counted against the employee's FMLA leave entitlement. If the amount of leave needed is known at the time the employer designates the leave as FMLA-qualifying, the division must notify the employee of the number of hours, days, or weeks that will be counted against the employee's FMLA leave entitlement in the Designation Notice. If it is not possible to provide the hours, days, or weeks that will be counted against the employee's FMLA leave entitlement, then the division must provide notice of the amount of leave counted against the employee's FMLA leave entitlement upon request by the employee but no more often than once in a 30-day period and only if leave was taken in that period.

The division's decision to designate leave as FMLA-qualifying will be based only on information received from the employee or the employee's spokesperson. If the division does not have sufficient information about the reason for an employee's use of leave, the division will inquire further of the employee or the spokesperson to ascertain whether leave is potentially FMLA-qualifying. Once the division has knowledge that the leave is being taken for a FMLA-qualifying reason, the division will provide the employee the notice described in this subsection.

An employee giving notice of the need for FMLA leave must explain the reasons for the needed leave so as to allow the division to determine whether the leave is FMLA-qualifying. If the employee fails to explain the reasons, leave may be denied.

Leave for the Birth, Adoption or Foster Placement of a Child

The employee's entitlement to leave for a birth, adoption or foster placement of a child expires at the end of the twelve month period beginning on the date of the birth, adoption or foster placement. Leave taken for the birth, adoption or foster placement of a child may be taken intermittently or on a reduced leave schedule if the superintendent agrees to such an arrangement.

If the necessity for leave for the birth, adoption or foster placement of a child is foreseeable based on an expected birth or placement, the employee shall provide the school division with not less than 30 days' notice, before the date the leave is to begin, of the employee's intention to take leave. If the date of the birth or placement requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable. The employee's notice should be sufficient to make the division aware that

the employee needs FMLA-qualifying leave and of the anticipated timing and duration of the leave.

Leave Because of a Serious Health Condition of Employee

Employees are entitled, when medically necessary, to take such leave on an intermittent or reduced leave schedule except as provided below.

If the necessity for leave is foreseeable based on planned medical treatment, the employee shall

- (1) make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the division; and
- (2) provide the division with at least 30 days' notice, before the date the leave is to begin, of the employee's intention to take leave. If the date of the treatment requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable.

The employee's notice should be sufficient to make the division aware that the employee needs FMLA-qualifying leave and of the anticipated timing and duration of the leave.

The School Board may require that a request for leave because of the employee's own serious health condition be supported by a certification issued by a health care provider of the employee. The division may use Form WH-380-E (Attachment 2) for this certification. The division should request that the employee furnish certification when the employee gives notice of the need for leave or within five business days thereafter, or, in the case of unforeseen leave, within five business days after the leave begins. The division may request certification at a later date if it later has reason to question the appropriateness of the leave or its duration. The employee must provide a complete and sufficient certification within 15 calendar days after the division's request. When the division requests certification, it will advise the employee of the anticipated consequences of the employee's failure to provide adequate certification.

Certification will be sufficient if it states

- (1) the name, address, telephone number and fax number of the health care provider and the type of medical practice/specialization;
- (2) the approximate date on which the serious health condition commenced and its probable duration;
- (3) a statement or description of appropriate medical facts regarding the employee's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for leave; and
- (4) information sufficient to establish that the employee is unable to perform the essential functions of his or her position, the nature of any other work restrictions, and the likely duration of such inability.

If an employee requests leave on an intermittent or reduced leave schedule for planned medical treatment of his or her serious health condition, the certification shall include information sufficient to establish the medical necessity for such intermittent or reduced schedule leave and an estimate of the dates on which such treatment is expected to be given and the duration of such treatment and any period of recovery.

If an employee requests leave on an intermittent or reduced leave schedule because of his or her own serious health condition that may result in unforeseeable episodes of incapacity, the certification shall include information sufficient to establish the medical necessity for the intermittent leave or leave on a reduced leave schedule, and an estimate of the frequency and duration of the episodes of incapacity.

If the employee submits a complete and sufficient certification signed by the health care provider, the division may not request additional information from the health care provider. However, the division may contact the health care provider for purposes of clarification and authentication of the medical certification. To make such contact, the division must use a health care provider, a human resources professional, a leave administrator, or a management official. The employee's direct supervisor may not contact the employee's health care provider.

If the school division doubts the validity of a certification, it may require, at its own expense, that the employee obtain the opinion of a second health care provider designated or approved by the school division concerning any information certified. The health care provider designated or approved by the school division may not be employed by the school division on a regular basis.

If the second opinion differs from the original certification, the school division may require, at its own expense, that the employee obtain the opinion of a third health care provider designated or approved jointly by the school division and the employee concerning information certified. The opinion of the third health care provider will be binding on both the school division and the employee.

Leave Because of a Serious Health Condition of a Child, Spouse, or Parent of Employee

Family and medical leave shall be provided when the employee is needed to care for his/her spouse, child or parent with a serious health condition, as defined above. Employees are entitled, when medically necessary, to take such leave on an intermittent or reduced leave schedule except as provided below.

If the necessity for leave is foreseeable based on planned medical treatment, the employee shall

- (1) make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the division; and
- (2) provide the division with at least 30 days' notice, before the date the leave is to begin, of the employee's intention to take leave. If the date of the

treatment requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable.

The employee's notice should be sufficient to make the division aware that the employee needs FMLA-qualifying leave and the anticipated timing and duration of the leave.

The School Board may require that a request for leave to care for an employee's spouse, parent, or child with a serious health condition be supported by a certification issued by a health care provider of the family member in need of care. The division may use Form WH-380-F (Attachment 3) for this medical certification. The division should ask the employee to furnish certification when the employee gives notice of the need for leave or within five business days thereafter, or, in the case of unforeseen leave, within five business days after the leave begins. The division may request certification at some later date if it has reason to question the appropriateness of the leave or its duration. The employee must provide the requested certification within 15 calendar days after the division's request. When the division requests certification, it will advise the employee of the anticipated consequences of the employee's failure to provide adequate certification.

Certification will be sufficient if it states

- (1) the name, address, telephone number, and fax number of the health care provider and type of medical practice/specialization;
- (2) the approximate date on which the serious health condition commenced and its probable duration;
- (3) a statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for leave; and
- (4) information sufficient to establish that the family member is in need of care and an estimate of the frequency and duration of the leave required to care for the family member.

If an employee requests leave on an intermittent or reduced leave schedule for planned medical treatment of a family member's serious health condition, the certification shall include information sufficient to establish the medical necessity for such intermittent or reduced schedule leave and an estimate of the dates and the duration of such treatments and any periods of recovery.

If an employee requests leave on an intermittent reduced leave schedule in order to care for a family member with a serious health condition, the certification shall include a statement that the employee's intermittent leave or leave on a reduced leave schedule is medically necessary for the care of the son, daughter, parent, or spouse who has a serious health condition, or will assist in their recovery, and the expected duration and schedule of the intermittent leave or reduced leave schedule.

If the employee submits a complete and sufficient certification signed by the health care provider, the division may not request additional information from the health care provider. However, the division may contact the health care provider for purposes of clarification and authentication of the medical certification. To make such contact, the division must use a health care provider, a human resources professional, a leave administrator, or a management official. The employee's direct supervisor may not contact the employee's health care provider.

If the school division doubts the validity of a certification, it may require, at its own expense, that the employee obtain the opinion of a second health care provider designated or approved by the school division concerning any information certified. The health care provider designated or approved by the school division may not be employed by the school division on a regular basis.

If the second opinion differs from the original certification, the school division may require, at its own expense, that the employee obtain the opinion of a third health care provider designated or approved jointly by the school division and the employee concerning information certified. The opinion of the third health care provider will be binding on both the school division and the employee.

Leave to Care for a Covered Servicemember

If the necessity for leave is foreseeable based on planned medical treatment for a serious injury or illness of a covered servicemember, the employee shall

- (1) make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the division; and
- (2) provide the division with at least 30 days' notice, before the date the leave is to begin, of the employee's intention to take leave. If the date of the treatment requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable.

The employee's notice should be sufficient to make the division aware that the employee needs FMLA-qualifying leave and the anticipated timing and duration of the leave.

The School Board may require that a request for leave to care for a covered servicemember with a serious injury or illness be supported by a certification issued by a health care provider of the covered serviceperson. The certification may be completed by any health care provider listed in 29 C.F.R. 825.310(a). The employee shall provide, in a timely manner, a copy of such certification to the school division.

Certification will be sufficient if it states

- (1) the name, address, and appropriate contact information (telephone number, fax number, and/or email address) of the health care provider, the type of medical practice, the medical specialty, and whether the health care provider is one of the following: a (DOD) health care provider, a

United States Department of Veterans Affairs (VA) health care provider, a DOD TRICARE network authorized private health care provider, or a DOD non-network TRICARE authorized health care provider or a health care provider as defined in 29 C.F.R. 825.125;

- (2) whether the covered servicemember's injury or illness was incurred in the line of duty on active duty;
- (3) the approximate date on which the serious health condition or serious injury or illness commenced or was aggravated and its probable duration;
- (4) a statement or description of appropriate medical facts regarding the covered servicemember's health condition for which FMLA leave is requested. The medical facts must be sufficient to support the need for leave; and
- (5) information sufficient to establish that the covered servicemember is in need of care and whether the covered servicemember will need care for a single continuous period of time, including any time for treatment and recovery, and an estimate as to the beginning and ending dates for this period of time.

If an employee requests FMLA leave on an intermittent or reduced leave schedule for planned medical treatment appointments for the covered servicemember, the certification must state that there is a medical necessity for the covered servicemember to have such periodic care and must contain an estimate of the treatment schedule of such appointments.

If an employee requests FMLA leave on an intermittent or reduced schedule basis to care for a covered servicemember other than for planned medical treatment, the certification must contain a statement that there is a medical necessity for the covered servicemember to have such periodic care, and must contain an estimate of the frequency and duration of the periodic care.

In addition to the information listed above, the division may also request that the certification set forth the information on Form WH-385 (Attachment 7.)

In lieu of Form WH-385, the division will accept invitational travel orders (ITOs) or invitational travel authorizations (ITAs) issued to any family member to join an injured or ill servicemember at his or her bedside. An ITO or ITA is sufficient certification for the duration of time specified in the ITO or ITA. During that time period, the employee may take leave to care for the covered servicemember in a continuous block of time or on an intermittent basis.

The information on the certification must relate only to the serious injury or illness for which the current need for leave exists. The division may seek authentication or clarification of the certification, ITO, or ITA but may not seek second or third opinions. The division may require an employee to provide confirmation of covered family relationship to the seriously injured or ill servicemember.

The division will also accept as sufficient certification of the servicemember's serious injury or illness documentation indicating the servicemember's enrollment in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

Leave Related to a Qualifying Exigency arising from Covered Active Duty or a Call to Covered Active Duty

If the necessity for leave because of a qualifying exigency arising from the fact that a family member is on covered active duty or has been notified of an impending call to covered active duty is foreseeable, the employee shall give such notice to the school division as is reasonable and practicable. The employee's notice should be sufficient to make the division aware that the employee needs FMLA-qualifying leave and the anticipated timing and duration of the leave.

The first time an employee requests leave because of a qualifying exigency arising out of the covered active duty or call to covered active duty status (or notification of an impending call or order to covered active duty) of a military member, the division may require the employee to provide a copy of the military member's active duty orders or other documentation issued by the military which indicates that the military member is on covered active duty or call to covered active duty status and the dates of the military member's covered active duty service. A copy of new active duty orders or other documentation issued by the military shall be provided to the division if the need for leave because of a qualifying exigency arises out of a different covered active duty or call to covered active duty status (or notification of an impending call or order to covered active duty) of the same or a different military member.

A request for leave because of a qualifying exigency must be supported by

- (1) a statement or description signed by the employee of appropriate facts regarding the qualifying exigency for which FMLA leave is requested. The facts must be sufficient to support the need for leave;
- (2) the approximate date on which the qualifying exigency commenced or will commence;
- (3) the beginning and ending dates of absence if the employee requests leave because of a qualifying exigency for a single, continuous period of time;
- (4) an estimate of the frequency and duration of the qualifying exigency if the employee requests leave because of a qualifying exigency on an intermittent or reduced schedule basis;
- (5) if the qualifying exigency involves meeting with a third party, appropriate contact information for the individual or entity with whom the employee is meeting and a brief description of the purpose of the meeting; and
- (6) if the qualifying exigency involves Rest and Recuperation leave, a copy of the military member's Rest and Recuperation orders, or other documentation issued by the military which indicates that the military member has been granted Rest and Recuperation leave, and the dates of the military member's Rest and Recuperation leave.

The division may use Form WH-384 (Attachment 6) for this certification.

Rules for Intermittent and Reduced Schedule Leave

When permitted by the FMLA, intermittent and reduced schedule leave may be used until the aggregate amount of such leave equals twelve weeks or 26 weeks if the leave is taken to care for a covered servicemember in the employee's rolling year. However, when the employee requests intermittent or reduced schedule leave that is foreseeable based on planned medical treatment the school division may temporarily transfer the employee to an available alternative position with equivalent pay and benefits that better accommodates the employee's intermittent or reduced schedule leave.

When an eligible employee employed principally in an instructional capacity requests leave to care for a family member with a serious health condition, leave because of the employee's own serious health condition, or leave to care for a covered servicemember and the leave is foreseeable based on planned medical treatment and the employee would be on leave for greater than 20 percent of the total number of working days in the period during which the leave would extend, the school division may require the employee to elect either

- (1) to take leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or
- (2) to transfer temporarily to an available alternative position offered by the school division for which the employee is qualified and that has equivalent pay and benefits and better accommodates recurring periods of leave than the employee's regular employment position.

The school division may require an employee to make such an election when the employee has

- (1) made a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the division, subject to the approval of the health care provider; and
- (2) has provided the division with not less than 30 days' notice before the date the leave is to begin, of the employee's intention to take leave, except that if the date of the treatment requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable.

Rules for Husband and Wife Employed by BLANK School Division

A husband and wife who are both eligible for family and medical leave and are employed by BLANK school division shall be granted family and medical leave only for a combined total of twelve weeks per year when the leave is taken for the birth, foster placement, or adoption of a child or to care for the child after birth, adoption, or foster placement or to care for a parent with a serious health condition.

A husband and wife who are both eligible for family and medical leave and are employed by BLANK school division shall be granted family and medical leave only for a combined total of 26 workweeks per year if the leave

- (1) is taken to care for a covered servicemember; or
- (2) is taken as a combination of leave to care for a covered servicemember and leave for the birth, foster placement, or adoption of a child or to care for the child after birth, adoption, or foster placement or to care for a parent with a serious health condition. However, if the leave taken by the husband and wife includes leave for the birth, foster placement, or adoption of a child or to care for the child after birth, adoption, or foster placement or to care for a parent with a serious health condition, the leave for that reason shall be limited to 12 workweeks per year.

Benefits During Family and Medical Leave

Employees on family and medical leave shall receive the group health insurance plan coverage on the same conditions as coverage would have been provided if the employee had been working during the period of leave. Other benefits shall be provided according to BLANK school division policy for paid or unpaid leave, whichever applies.

If the employee fails to return to work when the period of leave to which he or she is entitled expires for any reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to leave, or other circumstances beyond the employee's control, the school division may recover the premium it paid for maintaining the employee's coverage during the period of unpaid leave in accordance with federal law.

Return to Work

An employee on family and medical leave shall provide the division at least two work days' notice of the intent to return to work. The employee shall be returned to the same or equivalent position at the end of the family and medical leave unless the division shows that the employee would not otherwise have been employed at the time reinstatement is requested.

The following return to work provisions apply to instructional employees:

1. If an instructional employee begins family and medical leave more than five (5) weeks before the end of an academic term, the employee may be required to continue taking leave until the end of the term if the leave is at least three (3) weeks in duration and the return to work would occur during the last three (3) weeks of the academic term.
2. If an instructional employee begins family and medical leave a) because of the birth, adoption, or foster care placement of a son or daughter of the employee, b) to care for a family member with a serious health condition, or c) to care for a covered servicemember during the five (5) week period before

the end of an academic term, the employee may be required to continue taking leave until the end of the academic term if the leave is longer than two (2) weeks in duration and the return to work would occur during the last two (2) weeks of the academic term.

3. If an instructional employee begins family and medical leave a) because of the birth, adoption, or foster care placement of a son or daughter of the employee, b) to care for a family member with a serious health condition, or c) to care for a covered servicemember during the three (3) week period before the end of an academic term, the employee may be required to continue taking leave until the end of an academic term if the leave is longer than five (5) working days in duration.

If an instructional employee is required to continue leave until the end of an academic term, only the period of leave until the employee is ready and able to return to work shall be counted against the family and medical leave entitlement. However, the division must continue the group health insurance coverage under the same conditions as if the employee were working.

Outside Employment

An employee who is on family and medical leave may not engage in employment for any other employer or self-employment while on leave.⁸ Falsification of records and failure to correct records known to be false are violations of this policy and will result in discipline which may include termination from employment.

A school board which prohibits outside employment for staff on FMLA leave must also prohibit it for staff on other types of leave when permitted by law. Thus, for school boards which have adopted this section of this policy, it is important to have also adopted VSBA Policy GCQA Nonschool Employment by Staff Members.

TEXTBOOK SELECTION, ADOPTION AND PURCHASE

Selection of Textbooks

The School Board may adopt textbooks, including print or electronic media, for student use that serve as the primary curriculum basis for a grade-level subject or course from the list of textbooks approved by the Board of Education. The School Board may also adopt books which are not on the state-adopted list in accordance with the Board of Education regulations.

In approving textbooks, the School Board¹

- appoints evaluation committees to review and evaluate textbooks,
- gives notice to parents that textbooks under consideration will be listed on the division's website and made available at designated locations for review by any interested citizens,
- creates opportunities for persons reviewing such textbooks to present their comments and observations to the School Board,
- creates procedures to ensure appropriate consideration of citizen comments and observations and
- establishes and makes known selection criteria.

Textbooks Approved by the Board of Education

The BLANK School Board may either enter into written term contracts or issue purchase orders with publishers of textbooks approved by the Board of Education. Such written contracts or purchase orders are exempt from the Virginia Public Procurement Act (Va. Code § 2.2-4300 et seq.) The contract price shall not exceed the lowest wholesale price at which the textbook or textbooks involved in the contract are currently bid under contract anywhere in the United States. If, subsequent to the date of any contract entered into by the School Board, the prices of textbooks named in the contract are reduced or the terms of the contract are made more favorable to purchase anywhere in the United States or a special or other edition of any book named in the contract is sold outside of Virginia at a lower price than contracted in Virginia, the publisher shall grant the same reduction or terms to the School Board and give the School Board the option of using such special or other edition adapted for use in Virginia and at the lowest price at which such special edition is sold elsewhere and the contract shall so state.

Contracts and purchase orders with publishers of textbooks approved by the Board of Education shall require the publisher to furnish an electronic file of the textbook in the National Instructional Materials Accessibility Standards (NIMAS) format that will

then be deposited in the National Instructional Materials Access Center (NIMAC) from which accessible versions of the particular textbook may be produced for students with print disabilities, as defined in 20 U.S.C. § 1474. Publishers shall deliver the NIMAS file of the textbook on or before the date of delivery of the regular text version.

Contracts and purchase orders with publishers of textbooks approved by the Board of Education for use in grades 6-12 shall allow for the purchase of printed textbooks, printed textbooks with electronic files, or electronic textbooks separate and apart from printed versions of the same textbook. The School Board may purchase an assortment of textbooks in any of the three forms listed above.

The School Board shall order directly from the respective publishers the textbooks needed to supply the public schools in the school division. The publishers shall ship the textbooks to the School Board. The purchase price of such textbooks shall be paid directly to the publishers by the School Board.

Locally-Approved Textbooks

In approving textbooks that have not been approved by the Board of Education, the School Board will also include a correlation of the content to the Virginia Standards of Learning in the content area and an analysis of strengths and weaknesses of the textbook in terms of instructional planning and support when the textbooks pertain to Virginia Standards of Learning subjects.

The publishers of such textbooks shall

- provide the School Board with certification that the content of the textbook is accurate and

STANDARDS OF LEARNING TESTS AND GRADUATION REQUIREMENTS

I. Standards of Learning (SOL) Tests and Verified Units of Credit

The Board of Education has established educational objectives known as the Standards of Learning, which form the core of Virginia's educational program, and other education objectives, which together are designed to ensure the development of the skills that are necessary for success in school and in preparation for life in the years beyond.

The BLANK School Board has developed and implemented a program of instruction that is aligned to the Standards of Learning and that meets or exceeds¹ the requirements of the Board of Education.

In kindergarten through eighth grade, where Standards of Learning (SOL) tests are required by the Board of Education, each student is expected to take the SOL tests. Students who are accelerated take the tests of the grade level enrolled or the tests for the grade level of the content received in instruction. No student takes more than one test in any content area in each year. Schools will use the SOL test results in kindergarten through eighth grade as part of a set of multiple criteria for determining the promotion or retention of students.

Each student in middle and secondary school will take all applicable end-of-course SOL tests following course instruction. ~~Students who successfully complete the requirements of the course and~~ achieve a passing score on an end-of-course SOL test will be awarded a verified unit of credit in that course in accordance with 8 VAC 20-131-110. Students may earn verified credits in any courses for which end-of-course SOL tests are available. Middle and secondary schools may consider the student's end-of-course SOL test score in determining the student's final course grade.

The standard unit of credit for graduation is based on a minimum of 140 clock hours of instruction and successful completion of the requirements of the course. A standard unit of credit may also be awarded based on a waiver of the 140-clock hour requirement as provided in Policy IKFD Alternative Paths to Attaining Standard Units of Credit.²

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ Divisions which have graduation requirements which exceed the requirements of the Board of Education should include them in this policy, or in an accompanying regulation.

² Policy IKFD Alternative Paths to Attaining Standard Units of Credit is optional. School boards which do not adopt it should not include this sentence.

A verified unit of credit for graduation is based on a minimum of 140 clock hours of instruction, successful completion of the requirements of the course, and the achievement by the student of a passing score on the end-of-course SOL test for that course or additional tests as described below.

A student may also earn a verified unit of credit by the following methods:

- in accordance with the provisions of the Standards of Quality, students may earn a standard and verified unit of credit for any elective course in which the core academic SOL course content has been integrated and the student passes the related end-of-course SOL test. Such course and test combinations must be approved by the Board of Education.
- ~~upon the recommendation of the division superintendent and demonstration of mastery of course content and objectives, waiver of the 140-clock-hour requirement according to the Board of Education's Guidelines for Graduation Requirements; Local Alternative Paths to Standard Units of Credit and Policy IKFD Alternative Paths to Attaining Standard Units of Credit~~ qualified students may receive who have received a standard unit of credit and will be permitted to sit for the relevant SOL test to earn a verified credit without having to meet the 140-clock-hour requirement.³ ~~The superintendent by regulation will determine the manner in which a student may demonstrate mastery of course content and objectives, and documentation of such mastery will be maintained in the student's permanent record.~~

Students may also earn verified credits by taking alternative tests to the SOL assessment. Such tests may only be those approved by the Virginia Board of Education, and the student may earn verified credits only by achieving that score established by the Board of Education.

Participation in the SOL testing program by students with disabilities will be prescribed by provisions of their Individualized Education Program (IEP) or 504 Plan. All students with disabilities will be assessed with appropriate accommodations and alternate assessments where necessary.

All students identified as limited English proficient (LEP) will participate in the SOL testing program. A school-based committee will convene and make determinations regarding the participation level of LEP students. In kindergarten through eighth grade, limited English proficient students may be granted a one-

time exemption from SOL testing in the areas of writing, science, and history and social science.

II. Graduation Requirements

A. Generally

The School Board will award diplomas to all secondary school students, including students who transfer from nonpublic schools or from home instruction, who earn the units of credit prescribed by the Board of Education, pass the prescribed tests, and meet such other requirements as are prescribed by the School Board and approved by the Board of Education.

B. Types of Diplomas and Certificates

BLANK School Board will award diplomas and certificates in accordance with state laws and regulations.

The requirements for a student to earn a diploma are those in effect when ~~he or she~~ the student enters ninth grade for the first time.

ALTERNATIVE PATHS TO ATTAINING STANDARD UNITS OF CREDIT

The BLANK School Board recognizes that instruction, learning and outcomes equivalent to those achieved in 140 clock hours of instruction can be attained in a variety of ways. Therefore, the School Board waives the requirement that a student receive 140 clock hours of instruction to earn a standard unit of credit as provided below.¹ The total number of standard credits that can be achieved via the waiver option is _____². Students may earn fractional credits via waiver.

Waivers are available for all secondary courses including Board of Education approved courses, Career and Technical education courses and local elective courses. Elective courses must be approved by the School Board, be explicitly described in the division's secondary course of study and have clearly defined and publicly available learning objectives commensurate in scope and detail with state learning standards and competencies.

In order to attain a standard unit of credit by means of a waiver of the 140-clock-hour requirement

- the outcomes of the work for which standard credit is awarded must be equal to progress and learning achieved in 140 clock hours of instruction;
- upon completion of the assigned work for the course, a student must have demonstrated mastery by meeting specific objectives and performance requirements of the course that match or exceed the expectations of students who have received 140 clock hours of instruction with similar standards, competencies or objectives; and
- the evidence of mastery of the pertinent content and skills for a student receiving a waiver must be fully documented, retained securely by the school division and available for review by the Virginia Department of Education (VDOE) on request.

Procedures

Criteria for awarding a waiver of the 140-clock-hour requirement for the course must be clear, objective and clearly communicated to the student and the student's parents prior to a student embarking on the effort.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ This policy is optional. School boards which elect not to waive the requirement that a student receive 140 clock hours of instruction to earn a standard unit of credit should not adopt this policy.

² Each school board must define the number of credits that may be earned via waiver of the 140-clock-hour requirement.

The consequences of standard credits achieved by waiver with regard to class rank, grade point average and extracurricular eligibility must also be clearly defined and communicated to students and parents before a student embarks on the effort.

A student must receive approval from the school principal³ before pursuing the work, task or assessment that is required to meet the waiver criteria.

Students who meet the following criteria are eligible to seek standard units of credit via waiver of the 140-clock-hour requirement:

4

Miscellaneous

The superintendent will identify a process for developing accommodations for students with limited English proficiency.

Pursuit of credit by waiver by students with disabilities will be prescribed by the student's Individualized Education Program (IEP) or 504 Plan.

Students who attain credit by waiver of the 140-clock-hour requirement **SELECT ONE** (will receive a grade for the course) **OR** (will not receive a grade for the course. The course will be graded on a pass/fail basis).

The fact that a student has received credit via waiver **SELECT ONE** (will) **OR** (will not) be reflected on the student's transcript.

A student who is pursuing credit via waiver is enrolled in the relevant course for purposes of determining eligibility for extracurricular activities.
Waiver Pathway Options⁵

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

³ The school board may select someone other than the principal to make these decisions. If someone else is chosen, their position title should be substituted for "principal".

⁴ The Board of Education Guidelines suggest that the eligibility criteria include current and prior academic performance, student demonstrated readiness and/or recommendations by school staff or other knowledgeable adults. School boards may also include alternate or additional criteria.

⁵ Each school board may elect to permit students to attain standard units of credit via one or more of the three Waiver Pathway Options. Boards which decide to use only one or two of the Waiver Pathway Options should not adopt the sections of the policy relevant to the other Options.

Waivers are available by three pathways.

1. Courses that award a standard credit and have less than 140 clock hours of instruction

For students attaining standard units of credit by this waiver method, the school division maintains documentation based on this policy that defines its rationale for the reduction of instructional time and substantive evidence that it provides equivalent instruction with equivalent outcomes in the reduced clock hours.

2. Independent study, work sample portfolio, demonstrated performance and locally developed or Standards of Learning assessment

Evidence of the student's learning must encompass a comprehensive assemblage of media products, artifacts, and performance that demonstrates the student has mastered academically rigorous material and meets or exceeds approved learning standards, competencies or objectives for the course.

The required content and evaluative criteria for the products must be defined prior to the advent of student work and based on the same objectives as the standard course.

The assemblage of evidence and overall process must be managed by a licensed and endorsed teacher in the area of the coursework with a series of program checkpoints throughout a specified timeline for the study. The checkpoints and timeline must be clearly articulated and communicated to the student.

The managing teacher⁶ must determine whether the work is of commensurate depth and quality as work performed in the traditional secondary classroom and meets predefined evaluative criteria communicated to the student.

The student must meet a predefined performance level on a locally-developed assessment for the coursework. This may be an oral examination, performance (e.g., recital/concert), written test or some other objective tool or process developed by the school division. Applicable Standards of Learning assessments may also be used for this purpose.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

⁶ The School Board may assign these responsibilities to someone other than the managing teacher.

3. Demonstrated achievement via national or international assessments

The assessment must:

- have a standardized administration;
- be determined to be valid and reliable by an external body;
- be used in other states or internationally; and
- be scored independently of the school division.

Before a waiver may be granted under this option, the division must have completed a rigorous review of the assessment, in accordance with this policy, and determined that it is aligned with the course objectives for which the waiver is being requested. The division determines a qualifying score for awarding a standard credit that equates with mastery of the course content and skills and communicates that score to the student.

The student must provide evidence to the school principal or the principal's designee through performance, product, interview and/or school staff professional judgment that the student has some command of the course content and should be allowed to demonstrate mastery-level performance for a standard credit.

The superintendent will develop a process for determining a qualifying score for awarding a standard credit that equates with mastery of the course content and skills.

A student may attempt to achieve the qualifying score _____ times per _____.⁷

If the division selects an assessment that has a monetary cost, it will ensure equitable access to this option for all students.

Appeal Process

The superintendent shall appoint a review panel comprised of at least three educators to resolve disputes regarding the attainment of standard units of credit via waivers in accordance with this policy. Different panels may be appointed for individual schools or groups of schools.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

⁷ Each school board must determine how many times a student can attempt to achieve the qualifying score and must also specify the period of time during which the attempts may be made. In making this determination, the board should consider the requirement that the assessments must have standardized administrations.

The panel may review whether a student was properly denied permission to seek a standard unit of credit via waiver and whether a student was properly denied a standard unit of credit after having been determined to be eligible to seek the standard unit of credit via waiver

Based on the evidence it reviews, the review panel may:

- award the standard credit
- deny the standard credit
- make additional assignments prior to determining whether to award the standard credit

The School Board must choose one of the following statements:

The decision of the review panel will be final.

OR

The decision of the review panel may be appealed to _____⁸. Any appeal must be filed within _____ days of the decision of the review panel. The appeal will be decided within _____ days from the time it is filed.

Continuing Role of State Assessments

While the division may use the Standards of Learning assessments for awarding a standard credit as outlined above, the Standards of Learning assessments will continue to be used in their traditional role as determiners of awarding verified credits.

RETAKE SOL ASSESSMENTS

Students in kindergarten through grade 8 are not required to retake Standards of Learning (SOL) tests unless they are retained in grade and have not previously passed the test or they are placed in a remediation recovery program developed by the School Board. Students in high school are not required to retake end-of-course SOL tests unless the student previously failed the course and the test, or the student needs to earn verified credit for graduation.

With such funds as are appropriated by the General Assembly, the Board of Education will provide opportunities for students who meet criteria adopted by that Board to have an expedited retake of a SOL test to earn verified credit ~~or to meet literacy and numeracy requirements for the Modified Standard Diploma.~~

Under the criteria established by the state Board, the student must

- need the test for verified credit; and
- have passed the course associated with the test, and have met one of the following
 - failed the test by a narrow margin, or
 - failed the test by any margin and have extenuating circumstances that would warrant retesting, or
 - did not sit for the regularly scheduled test for legitimate reasons.

For purposes of these criteria, "narrow margin" means a scaled score of 375-399. The division superintendent will be responsible for making the determination of what constitutes "extenuating circumstances" and "legitimate reasons" for purposes of establishing eligibility for an expedited retest of an end-of-course SOL assessment.

SECTION 504 NONDISCRIMINATION POLICY AND COMPLAINT GRIEVANCE PROCEDURES

The **BLANK** School Board does not discriminate against individuals on the basis of disability. The **BLANK** School Board has established this policy as a way to provide prompt and impartial review of complaints alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973. This policy provides an optional resolution procedure for a complainant. This procedure is not a prerequisite before a complainant may directly pursue any other remedy available under state or federal law. However, the policy of **BLANK** School Board is for students, parents/guardians and employees to have the opportunity to make concerns known to the School Board and for the School Board to have the opportunity to respond to and resolve concerns as rapidly as practicable.

The goal of these procedures is to protect the substantive rights of interested persons, meet appropriate due process standards, assure School Board compliance with Section 504 of the Rehabilitation Act of 1973 and provide a prompt, equitable and impartial resolution of complaints alleging a violation of Section 504.

II. SUSPENSIONS AND EXPULSIONS OF STUDENTS GENERALLY

Pupils may be suspended or expelled from attendance at school for sufficient cause; however, in no case may sufficient cause for suspension include only instances of truancy.

Any student for whom the superintendent of the school division in which the student is enrolled has received a report pursuant to Va. Code § 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of Va. Code § 16.1-260 may be suspended or expelled from school attendance.

The authority of teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of this Policy.

III. SHORT-TERM SUSPENSIONS

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal,

assistant principal or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts and opportunity to present his version shall be given as soon as is practical thereafter.

Upon suspension of any pupil, the principal, assistant principal or teacher responsible for such suspension reports the facts of the case in writing to the superintendent or superintendent's designee and the parent of the pupil suspended. The superintendent or superintendent's designee reviews forthwith the action taken by the principal, assistant principal or teacher upon a petition for such review by any party in interest and confirms or disapproves such action based on an examination of the record of the pupil's behavior.

The decision of the superintendent or superintendent's designee SELECT ONE (1) may be appealed to the School Board OR (2) is final and may not be appealed unless the School Board has provided by regulation that the decision of the superintendent or superintendent's designee is final.

Any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days includes notification of the length of the suspension, information regarding the availability of community-based educational programs, alternative education programs or other educational options, and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program or alternative education program or educational option, which is not a part of the educational program offered by the school division, are borne by the parent of the student.

IV. LONG-TERM SUSPENSION

A pupil may be suspended from attendance at school for more than ten days after written notice is provided to the pupil and his parent of the proposed action and the reasons therefore and of the right to a hearing before SELECT ONE

the School Board

OR

~~or the superintendent or superintendent's designee in accordance with regulations of the School Board. If the regulations provide for a hearing by the superintendent or superintendent's designee, the regulations shall also provide for an appeal of the decision to the full School Board. The decision of the superintendent or superintendent's~~

designee may be appealed to the full School Board. Such appeal shall be decided by the School Board within thirty days.

The written notice of a suspension for more than ten days includes notification of the length of the suspension and provides information concerning the availability of community-based educational, alternative education or intervention programs. Such notice also states that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the School Board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension is borne by the parent of the student.

Nothing herein shall be construed to prohibit the School Board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the School Board for the term of such suspension.

V. EXPULSION

A. Generally

Pupils may be expelled from attendance at school after written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the School Board in accordance with the regulations of the School Board. ~~The regulations provide for subsequent confirmation or disapproval~~ The School Board confirms or disapproves of the proposed expulsion ~~by the School Board~~ regardless of whether the pupil has exercised the right to a hearing.

The written notice given to the pupil and his parent includes notification of the length of the expulsion and provides information to the parent of the student concerning the availability of community-based educational, training and intervention programs. The notice also states whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the School Board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his expulsion is borne by the parent of the student.

Nothing in this Policy shall be construed to prohibit the School Board from permitting or requiring students expelled pursuant to this Policy to attend an alternative education program provided by the School Board for the term of such expulsion.

If the School Board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice also advises the parent of such student that the student may petition the School Board for readmission to be effective one calendar year from the date of his expulsion, and of the conditions, if any, under which readmission may be granted.

The School Board establishes, by regulation, a schedule pursuant to which such students may apply and reapply for readmission to school. Such schedule is designed to ensure that any initial petition for readmission will be reviewed by the School Board or the superintendent, and, if granted, would enable the student to resume school attendance one calendar year from the date of the expulsion. If the superintendent denies such petition, the student may petition the School Board for review of such denial.

B. Conduct Giving Rise to Expulsion

Recommendations for expulsions for actions other than those specified below are based on consideration of the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;
- the student's disciplinary history, including the seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student's age and grade level;
- the results of any mental health, substance abuse or special education assessments;
- the student's attendance and academic records; and
- other appropriate matters.

No decision to expel a student shall be reversed on the grounds that such factors were not considered. Nothing in this subsection precludes the School Board from considering any of the factors listed above as "special circumstances" for purposes of expulsions discussed in the following subsections.

Firearms

The School Board shall expel from school attendance for a period of not less than one year any student whom the School Board has determined to have possessed a firearm on school property or at a school-sponsored activity as prohibited by Va. Code § 18.2-308.1, or to have possessed a firearm or destructive device as defined in this policy, a firearm muffler or firearm silencer or a pneumatic gun as defined in this policy

on school property or at a school-sponsored activity. A school administrator, pursuant to School Board policy, or the School Board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. The School Board may promulgate guidelines for determining what constitutes special circumstances. In addition, the School Board may, by regulation, authorize the superintendent or superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate.¹ Nothing in this policy shall be construed to require a student's expulsion regardless of the facts of the particular situation.

The exemptions set out in Va. Code § 18.2-308 regarding concealed weapons apply, *mutatis mutandis*, to the provisions of this Policy. The provisions of this policy do not apply to persons who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted by the school to use its premises or to any law-enforcement officer while engaged in his duties as such.

Drug Offenses

The School Board shall expel from school attendance any student whom the School Board has determined to have brought a controlled substance, imitation controlled substance or marijuana as defined in Va. Code § 18.2-247 onto school property or to a school-sponsored activity. The School Board may, however, determine, based on the facts of the particular case that special circumstances exist and another disciplinary action is appropriate. In addition, the School Board may, by regulation, authorize the superintendent or the superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate.² Nothing in this policy shall be construed to require a student's expulsion regardless of the facts of the particular situation.

FOOTNOTES ARE FOR REFERENCE ONLY AND SHOULD BE REMOVED FROM FINAL POLICY.

¹ If the School Board adopts such a regulation, it must ensure that any disciplinary action imposed is taken in accordance with the procedures set forth in Article 3 of Chapter 14 of Title 22.1 of the Code of Virginia.

² If the School Board adopts such a regulation, it must ensure that any disciplinary action imposed is taken in accordance with the procedures set forth in Article 3 of Chapter 14 of Title 22.1 of the Code of Virginia.

C. Procedure for School Board Hearing

The procedure for the School Board hearing is as follows:

- The School Board determines the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing is private unless otherwise specified by the School Board.
- The School Board may ask for opening statements from the principal or his representative and the student or his parent(s) (or their representative) and, at the discretion of the School Board, may allow closing statements.
- The parties then present their evidence. Because the principal has the ultimate burden of proof, he presents his evidence first. Witnesses may be questioned by the School Board members and by the parties (or their representative). The School Board may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination provided, however, that the School Board may take the testimony of student witnesses outside the presence of the student, his parent(s) and their representative if the School Board determines, in its discretion, that such action is necessary to protect the student witness.
- The parties shall produce such additional evidence as the School Board may deem necessary. The School Board is the judge of the relevancy and materiality of the evidence.
- Exhibits offered by the parties may be received in evidence by the School Board and, when so received, are marked and made part of the record.
- The School Board may, by majority vote, uphold, reject or alter the recommendations.
- The School Board transmits its decision, including the reasons therefor, to the student, his parent(s), the principal and superintendent.

VI. ALTERNATIVE EDUCATION PROGRAM

The School Board may require any student who has been (1) charged with an offense relating to the laws of Virginia, or with a violation of School Board policies, on weapons, alcohol, or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G; (2) found guilty or not innocent of an offense relating to Virginia's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G; (3) found to have committed a serious offense or repeated offenses in violation of School Board policies; (4) suspended pursuant to Va. Code § 22.1-277.05; or (5) expelled pursuant to Va. Code § 22.1-277.06, 22.1-277.07, or 22.1-277.08 or subsection B of Va. Code § 22.1-277, to attend an alternative education program. The School Board may require such student to attend such

programs regardless of where the crime occurred. The School Board may require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of School Board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

A principal or principal's designee may impose a short-term suspension, pursuant to Va. Code § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in Va. Code § 16.1-260.G, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

As used herein, "charged" means that a petition or warrant has been filed or is pending against a pupil.

VII. REPORTING

A. Except as may otherwise be required by federal law, regulation or jurisprudence, reports are made to the superintendent and to the principal or principal's designee on all incidents involving

- (1) the assault, or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity;
- (2) the assault and battery which results in a bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, or stalking of any person as described in Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity;

- (5) the illegal carrying of a firearm as defined in Va. Code § 22.1-277.07 onto school property;

- (8) the arrest of any student for an incident occurring on a school bus, on school property or at a school sponsored activity, including the charge therefor; and
- (9) any illegal possession of weapons, alcohol, drugs or tobacco products.

- B. The superintendent and the principal or principal's designee receive reports made by local law enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act, Va. Code § 54.1-3400 et seq., and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in the clauses (1) through (8) of subsection VII.A. of this policy, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. A superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code § 16.1-260 reports such information to the principal of the school in which the juvenile is enrolled.
- C. The principal or principal's designee submits a report of all incidents required to be reported pursuant to subsection VII.A.(1-8) of this policy to the superintendent. The superintendent annually reports all such incidents to the Department of Education.

In submitting reports of such incidents, principals and superintendents accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection VII.B. of this policy.

- D. The principal or principal's designee also notifies the parent of any student involved in an incident required by this subsection to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice relates to only the relevant student's involvement and does not include information concerning other students.
- E. Whenever any student commits any reportable incident as set forth in this subsection, such student is required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent's designee. ~~Prevention and intervention activities are identified in the school division drug and alcohol violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV Safe and Drug-Free Schools and Communities Act).~~
- F. Except as may otherwise be required by federal law, regulation or jurisprudence, a principal immediately reports to the local law-enforcement agency any act enumerated in clauses (2) through (7) of subsection VII.A. of this policy that may

constitute a criminal offense and may report to the local law enforcement agency any incident described in clause (1) of subsection VII.A. of this policy.

In addition, except as may be prohibited by federal law, regulation or jurisprudence, the principal also immediately reports any act enumerated in clauses (2) through (5) of subsection VII.A of this policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal reports that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

- G. For purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

VIII. RE-ADMISSION OF SUSPENDED AND/OR EXPELLED STUDENTS

Any student who has been suspended from a school of this division is not eligible to attend any other school within the division until eligible to return to his or her regular school.

Any student who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance in the BLANK Schools, in accordance with Policy JEC School Admission. In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the School Board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The School Board shall not impose additional conditions for readmission to school.

No suspended student is admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or principal's designee determines that re-admission, without parent conference, is appropriate for the student.

If the parent fails to comply with this policy or Policy JEC School Admission, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the School Board or superintendent or superintendent's designee, as the case may be at the relevant hearing, the student may re-petition the School Board for admission. If the petition for admission is rejected, the School Board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the School Board for admission.

The School Board may permit students excluded pursuant to this subsection to attend an alternative education program provided by the School Board for the term of such exclusion.
