

BATH COUNTY SCHOOL BOARD

AGENDA ITEM: INFORMATION {    }                      ACTION { X }                      CLOSED MEETING {    }

SUBJECT:                      SUPERINTENDENT’S REPORT - ACTION

Dual Enrollment Contract with DSLCC

BACKGROUND:                      The Standards of Quality (SOQ) requires that the school division has implemented an agreement for postsecondary attainment with a community college in the Commonwealth specifying the options for students to complete an associate’s degree or a one-year Uniform Certificate of General Studies from a community college concurrent with a high school diploma. Such agreement shall specify the credit available for dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher.

The attached contract with Dabney S. Lancaster Community College outlines a pathway for students to earn a college credential or degree simultaneously with a high school diploma, and it is similar to previous dual enrollment agreements with school divisions in the college’s service area.

RECOMMENDATION:                      Approval of the Dual Enrollment contract for the 2016-2017 academic year.

## Dual Enrollment Contract

**Between**  
**Dabney S. Lancaster Community College**  
**and**  
**Bath County Public School System**

The purpose of this agreement is to set out the terms and conditions upon which courses will be offered under the "Governing Principles for Dual Enrollment between Virginia Public Schools and the Virginia Community College System" (2015) (herein after "Governing Principles for Dual Enrollment"). This document replaces the "Virginia Plan for Dual Enrollment Between Virginia Public Schools and Community Colleges," which was established by the Secretary of Education, the VCCS Chancellor, and the Superintendent of Public Instruction in January 2005. The purpose of this offering is to allow high school students to take college-level courses and receive both college credit and high school credit towards graduation.

Each party does hereby agree to the following:

1. Under this agreement, Dabney S. Lancaster Community College, (herein after "the College"), will make available college-level courses to students of Bath County Public School System for the 2016 - 2017 academic year.

The courses to be offered will be established by mutual agreement of both parties for the fall and spring semesters. A list of courses can be found as Attachment 1, and are hereby incorporated into this agreement.

The responsibilities of the parties pursuant to this agreement are conditional upon student registration for the course(s) being completed and subject to adequate student enrollment as determined by the College. The College and Bath County Public School System reserve the right to cancel any class sections or add sections, no later than the census date for the class as determined by the College.

2. Tuition & Fees

Pursuant to the Governing Principles for Dual Enrollment, schools and colleges are encouraged to provide high school students the opportunity for dual enrollment at little or no cost to them or their families. Virginia Community College System policy requires that full tuition and fees must be paid to the College for each student enrolled in dual enrollment courses. When tuition is charged, then either the School will pay on behalf of the student(s), or the student will pay the College the mandatory tuition and any fees established by the State Board for Community Colleges at the rate then in effect at the time the classes begin. When the School agrees to pay the tuition and fees, the College will bill the School on a semester basis. If the parties agree the students are responsible for such payments, the School will collect payment from the students. The College will bill the School for these students on a semester basis. However, the College may reimburse the School a portion of the tuition charged directly to the School in recognition of the School's contribution of resources toward student participation in the dual enrollment program when dual enrollment courses are held at the School. When dual enrollment courses are held at the School, in accordance with the Virginia Community College Dual Enrollment Financial Model, the College will reimburse the School when dual enrollment courses are taught by a qualified high school faculty member. The

minimum amount of tuition that will be reimbursed is 60% of tuition charged. The reimbursement rate can be increased up to 100% of the tuition charged based on specific options negotiated by the College and School. Total reimbursement may not exceed 100% of tuition charged. The School may not charge dual enrollment students or their families more than the actual cost of tuition and fees charged. When dual enrollment courses are not taught by high school faculty members, the School will reimburse the College for 100% of the faculty salary costs for teaching the course at the high school and the College may, in order to reduce the net cost to students, reimburse the School a portion of tuition in recognition of agreed to contributions of resources provided by the School.

The VCCS Dual Enrollment Financial Model applies only when dual enrollment courses are held at the high school.

3. Textbooks

The College reserves the right to determine the textbooks used in dual enrollment courses. Bath County Public School System or their students will be responsible for buying textbooks and personal supplies/materials directly from vendors. All students must have the appropriate textbooks and materials in order to remain enrolled in these dual enrollment courses.

4. Payment for Other Services

Fees and reimbursement for other costs and services will be determined by mutual consent of the Bath County Public School System and the College per Attachment 2, which is hereby incorporated herein and made a part of this Agreement.

5. Faculty

a. Selection

(1) Authority to Select/Hire

The selection and supervision of instructional faculty for all dual enrollment courses covered by this agreement will be the responsibility of the College. Bath County Public School System may recommend qualified teachers who are interested in teaching dual enrollment course(s) to the College for consideration. Each faculty member teaching dual enrollment course(s) shall be a member of the College's full-time or part-time faculty and/or an employee of the Bath County Public School System.

(2) Faculty teaching dual enrollment courses must meet the minimum credential requirements set forth by Form VCCS-29 (Attachment 3) and SACSCOC.

b. Payment

If the faculty member for the dual enrollment course(s) is employed full time by Bath County Public School System and the course(s) are part of the assigned teaching

workload, the College may reimburse the Bath County Public School System for the services of its employee in lieu of direct compensation to the faculty member. If, however, the College employs an instructor that is not affiliated with the \_\_\_ Bath County Public School System, the College will compensate the faculty member directly. Reimbursement and/or payment of faculty salaries directly will be in accordance with the Virginia Community College System approved lecturer rates depending on qualifications of the instructor and will occur no later than the end of the semester of the course. Other reimbursement procedures, mutually agreeable to both the College and the School, can also be implemented as an alternative if evidenced in writing.

c. Faculty Responsibilities

(1) Dual enrollment faculty members will be expected to conform to all college policies and procedures pertaining to the dual enrollment courses they teach.

(2) Evaluation

i. Faculty Evaluation - The College will conduct evaluations of dual enrollment faculty members using the college guidelines and procedures established for all adjunct or full-time faculty. High school faculty or adjunct faculty teaching a dual enrollment course will be evaluated in accordance with the College's adjunct faculty evaluation process. Full-time community college faculty teaching a dual enrollment course will be evaluated in accordance with the College's full-time faculty evaluation process.

ii. Student Evaluation - Student evaluation of faculty effectiveness will be conducted each semester for each course offered in the dual enrollment program and will use the same instruments used for all adjunct or full-time faculty members. Results of the student evaluations of teaching effectiveness will be compiled and shared with the academic dean or designee, the faculty member, and the designated public school representative.

d. Professional Development

Under the terms of this contract, dual enrollment faculty may take advantage of professional development opportunities offered by the College, as approved by \_\_\_ Bath County Public School System and the College.

6. Students

a. Selection and Eligibility to Participate in Dual Enrollment Program

(1) In order to enroll in a dual enrollment course high school students must have permission of their parent or guardian to participate, be recommended by their high school principal to cross register, and meet all course prerequisites.

- (2) Students must meet admission and course placement requirements of the College. Requirements for admission include the completion of an application for admission to the College, transcripts, and the completion and receipt of satisfactory scores on the College's placement tests when required.
- (3) Exceptions to the policies established in 6.0.0.1 regarding student eligibility may be made on a case-by-case basis with the approval of the public school superintendent and appropriate community college officials, so long as such exceptions are in accordance with the *VCCS Policy Manual*.
- b. All dual enrollment students must adhere to policies within the *VCCS Policy Manual*, unless specifically noted in this agreement.

## 7. College Administrative Responsibilities

- a. Dual enrollment students must be registered by the end of the add/drop period established for each course, which corresponds to 15% of the calendar days in a session, which includes all instructional and exam days; exceptions must be approved by the Vice Chancellor for Academic Services and Research, Virginia Community College System.
- b. Dual enrolled courses taught at the School may not include non-dual enrolled students without the documented approval of the community college president.
- c. The College, through its instructor(s), will provide the appropriate Bath County Public School System officials with progress reports on each student from time to time as shall be agreed by the contracting School System and College. At the conclusion of each college academic term, the student will receive a college grade for each course in which he/she was registered and such grades will become part of the student's permanent college record.
- d. A record will be maintained by the College for each dual enrollment student as a part of the permanent college record maintained by the College's Admissions and Records office. The College will send transcripts to colleges/universities upon a student's request.
- e. The College will provide a minimum of 750 minutes of instruction (to include testing and evaluation) for each lecture credit or lab contact hour per semester to Bath County Public School System students enrolled in college courses under this agreement.

## 8. High School Administrative Responsibilities

- a. Bath County Public School System will provide to the College testing scores for students who take the PSAT, SAT, ACT or SOL in lieu of the Virginia Placement Test within a prescribed period of time, according to established college procedures.

b. Bath County Public School System will provide a list of courses to be offered and verify enrollments in each class section, and instructors will report grades to the College within a prescribed period of time, according to established college procedures.

9. Award of Credit

College and high school credit shall be awarded to the participating high school student upon successful completion of the dual enrollment course.

10. Award of Credential

The Bath County Public School System and College shall provide a pathway for participating students to complete a career studies certificate, certificate, including the General Education Certificate, or an associate degree concurrent with their high school diploma. Credit awarded for applicable dual enrollment courses and Advanced Placement courses with qualifying exam scores of three or higher may be applied toward attainment of the aforementioned credentials. The pathways are outlined in Attachment 4, which is hereby incorporated herein and made a part of this Agreement.

11. Course Standards

a. Course Equivalency, Evaluation, and Assessment

Dual enrollment courses shall be offered for course credit with the same departmental designations, course descriptions, numbers, titles, and credits as those listed in the VCCS Master Course File. All dual enrollment courses shall be equivalent to the pedagogical, theoretical, and philosophical orientation of the College's department and contain the same student learning outcomes, components of the syllabi, level and rigor of content, assessment and evaluation of student learning outcomes and instructional effectiveness. An effective dual enrollment program requires collaboration between the School and the College to evaluate student learning outcomes, program learning outcomes, instructional effectiveness and longitudinal outcomes. This evaluative process shall be coordinated by the College with support from the School to implement and collect information and data in a timely manner.

In order to ensure that dual enrollment courses taught at the School meet the curricular depth and breadth of courses taught at the College, all dual enrollment courses shall have the same student learning outcomes as those courses taught at the College. In addition, student learning outcomes in all dual enrollment courses shall be assessed using common assessment measures identified and approved by the College and utilized in courses taught on campus. All course learning outcomes shall be communicated to students. Where applicable, the College's assessment of program learning outcomes shall include dual enrollment students.

The College and the School shall work together to provide tracking data on the performance of dual enrollment students, including credits completed, college courses attempted and completed, cumulative GPA, high school graduation data, and other data agreed upon. The specific data elements will be reported by the College on a regular basis. In order to ensure the quality and effectiveness of the dual enrollment program, the College will specify and evaluate dual enrollment programmatic outcomes and identify changes intended to result in continuous improvement.

b. Modifications of Policies

Modifications of on-campus policies, procedures, and rules appropriate to the high school setting may be agreed to by the parties in writing before each term begins.

c. Student Performance

The College reserves the right to advise the student, parents, and School System that the student does not have sufficient skills or abilities to continue in the courses selected after the first semester, and that additional enrollments in dual enrolled courses will not be approved.

12. Agreement Contacts

Contact persons for this agreement are:

- the School System: Sue Hirsh, Superintendent
- the School: Sara Rowe, Principal BCHS
- the College: Timothy Cary, Dual Enrollment Coordinator

13. Transferability

Normally, academic courses intended for transfer with a grade of "C" or above will transfer to four-year institutions of higher education. However, no guarantee can be made to students regarding transferability to all colleges and universities. Community college occupational/technical course credits earned are applicable to specific curricula and are intended to prepare students for employment in those areas. While some of these courses may be accepted for transfer, no unified policy on the transfer of VCCS occupational/technical courses exists. The School should advise students to consult with transfer institutions in order to determine if their dual enrollment courses will be accepted for transfer.

14. The College reserves the right to enroll other qualified students in the courses subject to this contract when those courses are offered on the College's campus or sites not at the high school.

15. Each party will be responsible for liability coverage of its employees and agents in fulfilling its responsibilities under this agreement, to the extent authorized by law.

16. If either party wishes to terminate this agreement, a written notice must be provided to the other party within 30 days of the requested termination date. Termination will not take place until dual enrollment courses in progress are completed.
  
17. The College or the Bath County Public School System shall not unlawfully discriminate on the basis of race, nationality, ethnicity, religion, gender, age, or disability in any undertaking pursuant to this contract. Students with disabilities will receive reasonable accommodations through the School pursuant to Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Accommodations for dual enrolled courses that students take for college-level credit shall not be pursuant to the Individuals with Disabilities Education Improvement Act of 2004, 20 U.S.C § 1400. At no time shall dual enrolled courses make accommodations that will fundamentally alter the nature of the course. The (School/System) shall advise students with IEPs of this requirement prior to approving the enrollment students in a dual enrolled course.
  
18. Nothing herein shall be construed as a waiver of the sovereign immunity of the Commonwealth of Virginia or the assumption of any liability contrary to Virginia law.

## **Reimbursement Rate for VCCS Dual Enrollment Financial Model Appendix 2**

In exchange for the School/System promoting dual enrollment opportunities to its students, courses taught at the high school by a credentialed high school instructor, will be reimbursed 60% of the mandatory tuition. In an effort to develop and enhance collaborative dual enrollment opportunities, the College and the School/System, agree that the reimbursement rates will be increased to 83.25% resulting in a per credit hour charge of \$25 based upon the following criteria (check all that apply):

- School division provides financial support to add (personnel or hours) .5 FTE career coach
- School division offers and enrolls students in a senior capstone course in an effort to reduce developmental education needs
- School division offers summer programs for college readiness preparation (i.e.: English, mathematics, or STEM camps)
- School division provides financial support and offers the Virginia Placement Test (VPT) to all high school juniors and seniors in the school division
- School division offer professional development opportunities to mathematics and English teachers in collaboration with the community college in an effort to strengthen college readiness
- School division brings K-12 teachers and college faculty together at least once a semester to focus on student outcomes assessment
- School division participates in a collaborative curriculum review and alignment in math and English
- School division provides financial support to K-12 teachers seeking continuing education (i.e.: graduate education or certification) necessary to instruct dual enrollment courses
- School division provides paid dual enrollment teachers to teach college courses over summer months
- School division designates a school division staff member to collect all required documents on behalf of the college and deliver complete sets of documents to the college for one or more of the following areas:
  - Assessment and Program Evaluation
  - Faculty Evaluation
  - Testing and Admissions Materials
- School division provides college textbooks for students enrolled in dual enrollment courses
- If previous option selected, at least four of the following best practices must be implemented (please indicate which four will be utilized):
  - School division provides transportation for students requiring travel among high schools or to the college in order to attend dual enrollment courses
  - School division provides access to the school division's information technology support and server to enhance support of dual enrollment courses, career coaches, etc.
  - School division partners with the college to secure grant funds

- School division develops publications/website to support dual enrollment or college recruitment
- School division provides financial support or human resources for community college recruitment activities
- Local Option: The community college may specify a locally developed option that enhances the collaborative relationship between the community colleges and secondary school division. As with other specified options, this option may be reimbursed up to 10% of tuition and fees.

Briefly describe local option: Dual enrollment instructors will attend an annual meeting at DSLCC to discuss textbook selection, course outcomes, assessments, etc. Additionally, dual enrollment instructors will take a professional development course, EDU 195: Overview of Dual Enrollment, within one year of teaching dual enrollment at their high school or technical center.

CST/SOC/HUM/PED Elective	DE PLS 135	Fall or Spring	1 to 3	DSLCC	Yes
CST/SOC/HUM	DE PSY 200	Fall	3	DSLCC	Yes
SDV 100	Asynchronous on-line class	Fall/Spring Summer	1	DSLCC	TBD
		Total	31-37		

NOTES

DE is Dual Enrollment

Collaborate is an on-line synchronous class.... sometimes taught asynchronous.

Night classes are taught at the Rockbridge Regional Center or at the Main Campus

Additional courses may be offered as dual enrollment if the high school instructors have the necessary credentials.

Any modifications to the above pathway will be outlined in writing and agreed upon by the College and school division. Any modifications will not prevent students from obtaining the plan's intended credential.

In order to participate in the above pathway, a student must meet all dual enrollment admission requirements and College program requirements and complete VCCS placement tests. In order to enroll in any of the courses noted in the pathway, all course pre-requisites must be met.

Program information including purpose, occupational objectives, admission requirements, notes, computer competency requirements, and course requirements may be found in the College catalog found at: [www.dslcc.edu](http://www.dslcc.edu)

NOTES

DE is Dual Enrollment

Collaborate is an on-line synchronous class.... sometimes taught asynchronous.

Night classes are taught at the Rockbridge Regional Center or at the Main Campus

Additional courses may be offered as dual enrollment if the high school instructors have the necessary credentials.

Note: we used the Science transfer degree because we can offer the curriculum most effectively with our (DSLCCC and HIGH SCHOOL) instructors Could offer the General Studies Degree etc. But it would require additional HUM and SOC classes and most of those MAY need to be on-line.

Any modifications to the above pathway will be outlined in writing and agreed upon by the College and school division. Any modifications will not prevent students from obtaining the plan's intended credential.

In order to participate in the above pathway, a student must meet all dual enrollment admission requirements and College program requirements and complete VCCS placement tests. In order to enroll in any of the courses noted in the pathway, all course pre-requisites must be met.

Program information including purpose, occupational objectives, admission requirements, notes, computer competency requirements, and course requirements may be found in the College catalog found at: [www.dslcc.edu](http://www.dslcc.edu)
