**SUBJECT:                      SUPERINTENDENT’S REPORT - ACTION**

**Consideration of Allegheny Mountain Radio Request**

**BACKGROUND:              Pocahontas Communications Cooperative Corporation,  
(Allegheny Mountain Radio) would like the School Board to  
consider allowing an addition to the WCHG Studio located  
behind the Bath County High School.**

**A 13’ x 12’ addition is needed for use as an office. The addition  
would be located on the south rear side of the existing building,  
and it would tie into the existing roof line.**

**The timeline for construction should not interfere with the  
parking lot project.**

**RECOMMENDATION:      Approval of AMR’s request to construct an addition to the  
current radio station building.**

Dear Mrs. Hirsh and the Bath County School Board:

As General Manager for Allegheny Mountain Radio, I am writing to ask your consideration to allow Pocahontas Communications Cooperative Corporation, d/b/a Allegheny Mountain Radio, to add an addition on to the WCHG Studio located behind the Bath County High School.

We are in need of a 13 x 12 addition to be used as an office. The addition would be located on the back right hand side of the building and would tie into the existing roof line and flow of the existing building. We cannot add the addition to either end of the building due to the water and sewer lines and the radio tower.

We would like to have our addition complete before paving begins at the end of the 2017-2018 school year and have already contacted several local contractors to be placed on the Spring 2018 schedule, we are requesting board permission prior to signing a contract.

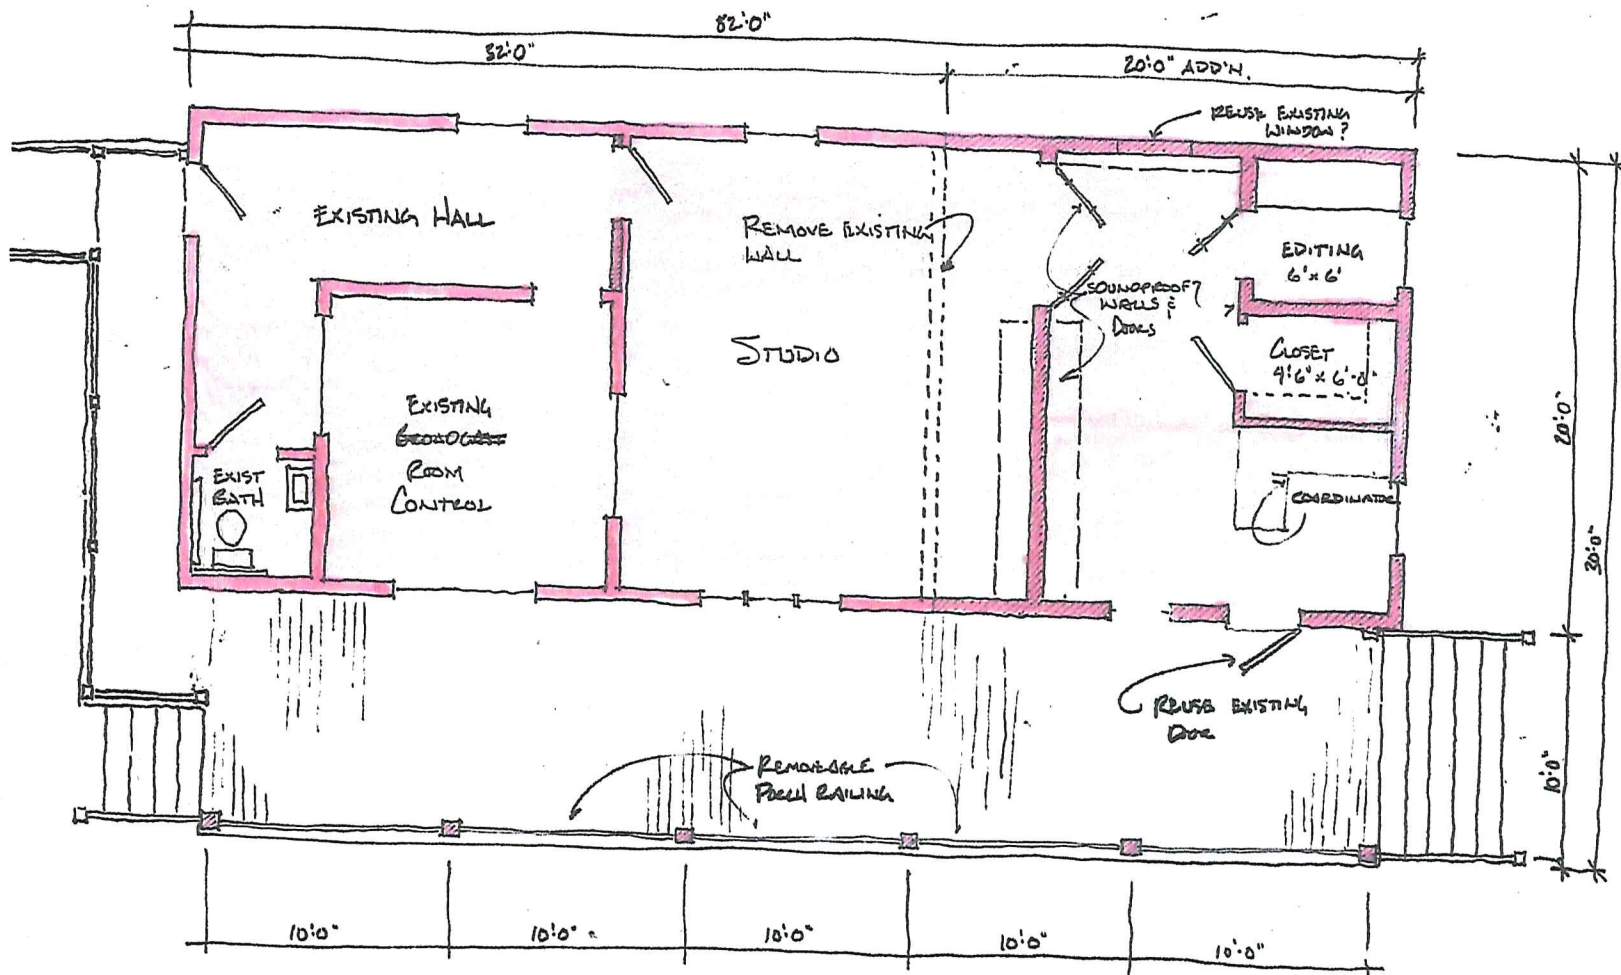

Should you have any questions or need to speak with me, I can be reached at 540-839-5400 (w) or (540) 679-0411 (c) and would be happy to attend a board meeting should you need to meet with me.

Thank you for your consideration and I look forward to hearing from you.

Sincerely,

Richard L. Hise  
General Manager
