SUBJECT: SUPERINTENDENT’S REPORT - ACTION

Project RETURN for SY2018-19 – Mr. Ozols

BACKGROUND: Project RETURN is a joint effort between several school divisions in Virginia. It is designed to help students graduate on time. We receive hardware, mostly in the form of laptop computers and access to an online learning program. This allows us to make these resources available to students who are out of school long term, such as a long-term suspension or illness. It also helps us provide students who have failed with resources that can help them catch up with their peers. All students in these groups are at significant risk of dropping out and this program does help these students continue to graduation.

RECOMMENDATION: Recommend continued participation in Project RETURN for the 2018-2019 school year.
